

WSFR Training

Welcome to the WSFR Training

The purpose of the WSFR Training Program is to provide national training to develop basic and specialized grants management knowledge and skills resulting in the consistent and sensible application of regulations, processes, and decisions in the WSFR grant programs.

WSFR training courses inform and equip state and federal grant management staff members to deal effectively with grant management processes and issues.

The Training Program also maintains the [online WSFR Toolkit](#) for grant managers and grantees.
